- Annheiser Busch
- Aspen API (Pharmaceutical)
- Bioiberica (Pharmaceutical)
- Interbake Foods
- Veteran Administration
- VISN 6, 8, 9, 12, 13, 15 & 23
- USCG
- USAF
- Coleman Company
- ConAgra
- Nestle
- Pfizer (Pharmaceutical)
- Smithfield Foods

Violations of Asbestos regulations can carry penalties of up to \$25,000 per day, per violation! This 16-hour mandatory course taken over two days is individually designed to meet the needs of property maintenance staff as they engage in routine facility maintenance that may require incidental disturbance of asbestos containing material.

WHAT TO EXPECT?

Training of custodial and maintenance workers is one of the keys to a successful operations and maintenance (O&M) program. If building owners do not emphasize the importance of well-trained custodial and maintenance personnel, asbestos O&M tasks may not be performed properly. This could result in higher levels of asbestos fibers in the building air and an increased risk to building workers and occupants.

O&M training topics included:

- Federal, state, and local asbestos regulations
- Proper asbestos-related work practices
- Descriptions of the proper methods of handling ACM, including waste handling and disposal
- Respirator use, care, and fit testing
- Protective clothing donning, use, and handling
- Hands-on exercises for techniques such as glove bag work and HEPA vacuum use and maintenance
- Appropriate and proper worker decontamination procedures.

OTHER ASBESTOS AND LEAD BASE PAINT SERVICES

ACT provides our clients with cost effective, accurate, and timely investigation and management services for projects involving asbestos and lead-based paint. We utilize state-of-the-art x-ray fluorescence technology for quick and accurate lead-based paint inspections and have decades of experience with asbestos inspections, project designs and project management.

ACT offers a tenured team of asbestos and lead based paint project managers and technicians. All our staff maintains requisite certification and safety training required to sample and manage asbestos and lead based paint.

WHO WOULD BENEFIT

Everyone benefits from an environment free of exposed lead-based paint and friable asbestos. Our clients that demand efficient and timely asbestos and lead based paint inspection services include construction contractors, municipalities, developers, and engineering firms. Many municipalities are responsible for U.S. Department of Housing and Urban Development (HUD)-funded lead-based paint inspection and remediation programs. ACT's staff has extensive experience managing and implementing HUD's requirements under these programs. Additionally, numerous colleges, universities, school districts, and hospitals have benefited from ACT's comprehensive asbestos and lead based paint inventories prior to renovation and demolition projects.

SERVICES

- Municipal HUD LBP Program Management Services
- XRF Lead Based Paint Sampling
- Lead Based Paint Inventories
- Lead Risk Assessment
- Lead Based Paint Remediation Specifications
- Lead Clearance Inspections
- Asbestos Sampling
- Asbestos Inventories
- Asbestos Project Designs
- Demolition Specs for ACM-Containing Structures
- Air Monitoring
- Personal Exposure Monitoring
- Training that meets 40 CFR 763.92 and 29 CFR 1926.1101(k)(9)(ii) {All State & Federal requirements}

ADMINISTRATION**

DURHAM, NC
OCT 2018 - CURRENT
(AUG 2023)

CONTRACT VALUE:
\$221,554.25
Project Description: Semi-annual
re-inspection of Asbestos
Containing Material (ACM) for
compliance. Collect 2,000
National Emission Standards for
Hazardous Air Pollutants
(NESHAP) Samples Analysis
(including inspector, technician,
pulling of sample, lab analysis
and report preparation).

**VETERANS
ADMINISTRATION**

HINES, IL
2016 AND 2017
CONTRACT VALUE:
MULTIPLE CONTRACTS -
\$60,000
Project Description:
Environmental Sampling

**VETERANS
ADMINISTRATION**

MEMPHIS, TN
AUGUST 2017 - DECEMBER
2017
CONTRACT VALUE: \$124,000

Project Description: Occupational
Safety and Health services to
include Industrial Hygiene -
survey, personal monitoring,
ventilation survey, Potential
Asbestos Containing Material
(PACM) sampling, Lead Based
Paint (LBP) sampling (XRF),
Heat Stress monitoring; programs
review, training and Qualitative
Industrial Hygiene Risk
Assessments for the Veterans
Administration

BIOIBERICA

NEBRASKA
MAR 2014 – SEPT 2016
CONTRACT VALUE:
\$56,000

Project Description: Various
Environmental and Industrial
Hygiene services to include Lead
& Asbestos inspections and
training.
